

Higher Degree Support for Academic Staff Procedures

1. LEGISLATION/ENTERPRISE AGREEMENTS/POLICY SUPPORTED

[Staff Performance and Development Policy](#)

2. IMPLEMENTATION PRINCIPLES

- 2.1. The University may offer support to further a staff member's development where it meets the strategic and operational goals of the University, however, it is expected that individual academic staff will also invest in furthering their own qualifications and careers.
- 2.2. The purpose of Higher Degree Support (HDS) is to provide for a period of support while a staff member is undertaking a doctoral, or in special cases, a master degree.
- 2.3. HDS is not a form of leave but rather a component of academic work that a staff member is engaged in at the University and is subject to supervision and accountability requirements.
- 2.4. Allocation of time for HDS will be reflected as a research allocation within the Academic Workload Management System.
- 2.5. The approval of HDS is at the discretion of the Head of School/Area.

3. PROCEDURAL DETAILS

3.1 Eligibility

- 3.1.1 A continuing or fixed-term academic staff member may apply for up to 1,000 paid hours free from regular duties over a three-year period to undertake a doctoral degree to completion.
- 3.1.2 A continuing and fixed-term academic staff member may apply for up to 400 paid hours free from regular duties over a two-year period to undertake a master degree to completion.
- 3.1.3 Staff undertaking a doctoral or master degree at the commencement of these procedures should discuss their arrangements with their Head of School/Area. Any transitional arrangements will take into consideration the level of support previously provided by the University, evidence of satisfactory progress towards the doctoral or master degree, the planned completion timeline, consistency with university strategic and operational objectives and prospects of successful completion.
- 3.1.4 Ongoing HDS is subject to the University being satisfied with evidence of appropriate progress, compliance with the terms of the HDS agreement and performance in other aspects of a staff member's role.

3.2 Application and approval

- 3.2.1 An application for HDS may be made at any time. To apply for HDS, a staff member will submit their completed [HDS application form](#) and HDS plan to their Head of School/Area for consideration and approval. The HDS plan will include:
 - (a) details of the doctoral or master degree;
 - (b) suitability of the qualification for the staff member and relevance to the University, Faculty and the staff member's role;
 - (c) the amount and timing of HDS being sought;
 - (d) details of a staff member's commitment to, and investment in, the completion of the program;
 - (e) a proposed timeline for undertaking the qualification to completion, with major milestones; and
 - (f) a letter of support from the primary supervisor.
- 3.2.2 Staff may enrol in a program at Curtin or at an institution other than Curtin.

- 3.2.3 The Head of School/Area will consider the staff member's performance over time in their current role, the operational requirements of the School or Faculty, and the HDS plan, and may subsequently approve the application. Approval and decisions on the appropriate allocation and timing of any HDS is at the discretion of the Head of School or Area.
- 3.2.4 The allocation of HDS may be in various forms designed to facilitate the effective completion of the requirements of the qualification. This can include a percentage allocation within the academic workload management system or blocks of time.

3.3 Salary

Staff will be paid their ordinary pay during approved periods of HDS.

3.4 HDS agreement

Successful applicants will sign an [HDS agreement](#) with the University which sets out the terms of the HDS, including:

- (a) how ongoing progress will be assessed;
- (b) any ongoing support to be granted;
- (c) the requirement to demonstrate satisfactory progress and achievement of milestones towards completion of the qualification;
- (d) an acknowledgement that progression towards completing the qualification in accordance with the agreed plan (used as the basis of granting HDS) is an integral part of the staff member achieving satisfactory performance in their role; and
- (e) an acknowledgement that where the staff member resigns within 12 months of completion of the qualification, the University may require the staff member to refund and repay to the University all or part of the salary paid during periods of HDS.

3.5 Variations to agreement

The Head of School/Area may, at their discretion, agree to vary the terms of the HDS agreement should a staff member experience difficulty in meeting obligations and timelines, providing the staff member communicates to the Head of School or Area any difficulties and their proposed remediation as soon as possible.

4. RESPONSIBILITIES

4.1. Heads of School/Area are responsible for:

- (a) considering and approving HDS applications;
- (b) ensuring that an approved HDS supports and aligns with the strategic direction and operational needs of the University as well as the needs of the individual staff member;
- (c) managing HDS in a manner that is consistent with the University's values;
- (d) considering and approving variations to HDS agreements; and
- (e) ensuring HDS is recorded in the academic workload management system (where appropriate).

4.2 Staff members are responsible for:

- (a) abiding by the terms of the HDS agreement;
- (b) communicating with their Head of School/Area if they are experiencing difficulty in meeting obligations and timelines under the HDS agreement; and
- (c) remaining in the employ of Curtin for 12 months after the completion of the qualification unless otherwise agreed by the University.

5. SCOPE OF PROCEDURES

These procedures apply to continuing and fixed-term academic staff, and do not apply to Scholarly Teaching Fellows or casual academic staff.

6. DEFINITIONS

(Note: Commonly defined terms are located in the [Curtin Common Definitions](#). Any defined terms below are specific to this document)

Doctoral degree

The degree of Doctor of Philosophy or any other doctoral degree as approved by the Academic Board.

Master degree

An award granted on successful completion of an approved program which normally requires a minimum of two years study full-time, or equivalent, beyond a bachelor degree. The master program may consist of coursework (master coursework degree), research work leading to a thesis (master by research) or a combination of the two.

7. SCHEDULES

Nil
