PROCEDURES

ASSESSMENT DESIGN

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 Assessment design within a unit and across a course of study will consider student and staff workload, assurance of student learning and mitigation of assessment related risk.
- 2.2 Assessment practices will aim to use the minimum number of assessment tasks necessary to reach an informed decision about student achievement.
- 2.3 From 16th July 2019 onwards and unless exempted in accordance with the *Exemption To Assessment Requirements Procedure*:
 - 2.3.1 To the maximum extent possible, assessment burden will be broadly comparable for units with the same credit point value. Unless otherwise required by accreditation authorities:
 - 2.3.1.1 25 credit point units will have no more than three summative assessments.
 - 2.3.1.2 12.5 credit point units will have no more than two summative assessments.
 - 2.3.2 For 12.5 and 25 credit point units, there will be a limit of one incremental assessment item within the unit assessment profile.
- 2.4 The assessment profile for each unit will ensure that there is reasonable confidence that it is the student's own work that has been assessed. For example, take home exams and non-invigilated eTests carry a greater degree of assessment related risk. Accordingly, no more than 50% of the assessment marks for a unit will be obtained from non-invigilated take home tests and eTests.
- 2.5 Where a Hurdle Requirement is specified for a unit, the nature of the requirement and the consequences of failing to meet it will be included in the published unit outline.
 - 2.5.1 Formative tasks are not permitted to be identified as a Hurdle Requirement.
 - 2.5.2 Students who do not satisfy the Hurdle Requirements in a unit will be given the grade F-IN, even if they have obtained more than 50% of the marks available by completing other assessment tasks.
- 2.6 A final examination will not be worth more than 50% of the unit final mark unless required by a relevant accreditation authority.
- 2.7 Assessment tasks which involve group work will demonstrate how the basis for marks for group processes and/or individual processes is fair, transparent and defensible.
- 2.8 Reasonable adjustment(s) (such as the modification of assessment tasks, processes or format) may be made for students with a verified disability, medical or other condition in accordance with the Disability Standards for Education 2005 and Curtin's Disability Access and Inclusion Plan.
- 2.9 Attendance will not count towards an assessment mark.
- 2.10 A student who is repeating a unit will be expected to complete all assessment requirements as described in the relevant Unit Outline. A student may only include previously submitted material with the written approval of the Unit Coordinator who will provide advice relating to self-plagiarism where appropriate. Such work will be clearly annotated to indicate that it contains material that has been previously submitted.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

ASSESSMENT COMMUNICATION

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Assessment Communication

- 2.1 Requirements to pass the unit will be explicitly stated in the Unit Outline.
- 2.2 Details of assessment tasks will be specified and made available to students in the Unit Outline. All other details relevant to the completion of the assessment task will be provided to students in advance of the task.
- 2.3 Students will be informed as to when and how they will receive feedback on each assessment task.
- 2.4 Where appropriate, the assessment submission processes will include a student declaration of originality, and that it is the student's own work.
- 2.5 For electronically submitted assessments, a student declaration will be included that indicates that the student has accepted that it is their responsibility to check that the submitted file is readable and has not been corrupted.
- 2.6 Submitted files that are unable to be read cannot be marked. These should be treated as a non-submission.
- 2.7 Assessments may be changed after the publication of the unit outline, providing that such changes have majority consent from the students currently enrolled in the unit. In exceptional circumstances and on request of the Head of School, the Academic Registrar may approve changes to assessment without requiring majority consent. Any changes will be communicated to students by the Head of School (or authorised officer).

ASSESSING STUDENT WORK

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 The Head of the Owing Organisational Unit will ensure that assessment and moderation processes are adequately resourced for each unit with an assessor and co-assessor appointed.
- 2.2 The Unit Coordinator (assessor) will document the processes used to determine assessment task marks and record evidence of moderation activities employed.

Assessment and Submission

- 2.3 Assessments will be completed in accordance with the requirements specified in the Unit Outline.
- 2.4 Where the assessment task specifies the submission of work an electronic copy of the work will be submitted to a University approved secure electronic repository. Where an electronic version of the work is not practicable the physical artefact will be submitted as per the instructions provided in the unit outline or by the Unit Coordinator (or delegate).
- 2.5 Staff will take reasonable steps to ensure the authenticity of students' work in accordance with expectations of the discipline. Text based assessment artefacts will be submitted to a University approved text matching service (e.g. Turnitin).

Pre-Marking Moderation and Marking

- 2.6 The Unit Coordinator will ensure that staff responsible for assessing student work are able to engage in pre-marking moderation. This will include, as a minimum, the provision of an assessment rubric (or marking guide) to staff, supplied in advance of the marking task. Pre-marking moderation strategies (such as consensus building activities) may be implemented for units involving multiple markers and/or delivery at multiple locations. The target is to achieve good marker consensus (which is generally taken to be within 10% variation).
- 2.7 The Unit Coordinator will identify potential threats to assessment integrity and security, and will implement any mitigating strategies required.
- 2.8 Unit Coordinators (or authorised officer) will ensure that they are available to assessors to provide clarification and/or guidance if required during the assessment or marking process.
- 2.9 Where more than one member of staff is involved in the assessment of student work in a unit, it is recommended that the Unit Coordinator reviews the outputs of those markers early in the marking process.

Post-Marking Moderation

- 2.10 The Unit Coordinator will conduct intra-marking and/or post-marking moderation of results appropriate to the type of assessment to ensure fairness and consistency in the marking process. For assessments involving the marking of submitted work as a minimum, post-marking moderation will include at least one of the following methods:
 - 2.10.1 An analysis of the variances between markers and locations (noting that the efficacy of this depends on the nature and size of the sample).
 - 2.10.2 Second marking or check second marking of a random sample of student work to check for consistent application of marking criteria and standards.
 - 2.10.3 Second marking or check second marking of a sample of student work deemed to be at significant thresholds (e.g. Pass/Fail, but could also include credit/distinction/high distinction, if appropriate).
 - 2.10.4 Second marking or check second marking student work deemed to be borderline (just above/below pass mark).
 - 2.10.5 Second marking or check second marking of a sample of outliers (high or low scoring assessments).

- 2.10.6 Moderation of a sample of marked work by individuals outside of the teaching/marking team.
- 2.10.7 Review of item performance and other psychometric analyses of item banks and spot checking to ensure that automated systems are functioning correctly.
- 2.11 Scaling of student marks is not permitted. Any requirement to scale as part of a moderation process will be approved by the Head of School (or authorised officer).
- 2.12 If anomalies are detected, student work will be re-assessed and marks adjusted accordingly before work and marks are released to students.
- 2.13 Contracts in place with offshore campuses and partners may identify additional requirements for moderation.

Recording Marks

- 2.14 Marks for each summative assessment task will be entered into a University approved secure electronic repository for assessment task results as soon as is reasonably practicable.
- 2.15 Changes to student marks after the initial entry of the mark for an assessment task will be confirmed by the relevant Unit Coordinator. A reason for the change will be recorded in a University approved secure electronic repository.
- 2.16 The co-assessor will confirm the integrity of results entered into the University approved secure electronic repository (e.g. through sampling or other approaches appropriate to the task).
- 2.17 The co-assessor will confirm that any change to an initial mark is defensible and that reasons for the change were recorded.

Storage of Assessment Artefacts

- 2.18 Arrangements will be made to ensure that:
 - 2.18.1 Assessment items submitted to the University approved secure electronic repository will be retained; and
 - 2.18.2 Assessment items unable to be submitted to a University approved secure electronic repository (e.g. physical artefact), will be retained, or a representation of the artefact will be retained for a period in accordance with the requirements of The Western Australian University Sector Disposal Authority (WAUSDA).

3. SCOPE OF PROCEDURES

FEEDBACK ON ASSESSMENT

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Assessment Feedback

2.1 Feedback will be analytical, constructive and support student learning. It may be provided through various methods and from a variety of sources.

2.2 Students will receive marks and feedback as soon as practicable, to maximise the opportunity to improve their performance.

2.2.1 Feedback to students will be provided under normal circumstances within 15 working days and no later than 20 working days of the due date or submission date (whichever is the later).

2.2.2 Feedback that is used to directly support a scaffolded future assessment task will be provided in sufficient time for it to be effective.

Feedback Review

2.3 Where multiple assessors are used, assessors will be provided with feedback on the effectiveness and efficiency of the marking and moderation process.

Feedback Security

2.4 The feedback (and if relevant, the submitted artefact) will not be left unattended and will be returned directly to the student(s) unless a proxy authorisation is provided by the student.

2.1 An exemption to assessment requirements for assessment tasks may be requested for:

2.1.1 A new unit developed and offered for the first time;

2.1.2 An existing unit undergoing changes as part of a formal course review; or

2.1.3 An existing unit where changes are made separate to any course approval process, where a high quality assessment item does not fully comply with University Assessment procedures.

2.4 The Academic Registrar (or authorised officer) is responsible for determining all exemptions to assessment requirements.

Consideration for Exemption

2.5 In order to approve the request, the Academic Registrar (or authorised officer) will seek advice from other parties (including confirmation of support from the Head of School) as required.

Approved Exemptions

2.6 Where exemptions are approved, the Unit Outline and assessment instructions will indicate that the assessment in question has special approval.

2.7 The Academic Registrar (or authorised officer) will monitor exemptions to ensure they are fit for purpose and work as intended using existing processes such as course review.

Recording

2.8 Curtin Learning and Teaching will centrally record all exemption requests approved by the Academic Registrar (or authorised officer) in the curriculum management system (e.g. AKARI).

2.9 Curtin Learning and Teaching will monitor exemptions to ensure they are fit for purpose and work as intended using existing processes such as course review.

Assessment Quality Standard	Description
1	Utilisation of University approved text matching software (e.g. Turnitin)
2	Authentication of students' work
3	Appointment of a co-assessor with duties that support fair and consistent assessment practices
4	Undertaking pre-marking moderation activities
5	Undertaking post-marking moderation activities
6	Provision for assessment tasks to be submitted electronically where there is a text-based or electronic artefact
7	Recording marks for summative assessment into a University approved secure repository
8	Ensuring any change of student mark has the relevant approval and that reasons for the change are recorded in a University approved secure electronic repository

ASSESSMENT FOR HONOURS RESEARCH COMPONENTS

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 A supervisor will be designated for each Honours student by the Head of School (or nominee) and will:
 - 2.1.1 assist in the planning of the research component;
 - 2.1.2 monitor and provide feedback on the progress of the research component;
 - 2.1.3 advise the student if the research component is or is not suitable for submission; and
 - 2.1.4 provide appropriate academic counselling.
- 2.2 A supervisor will be an academic staff member of the University. A co-supervisor, appointed to jointly supervise, may be another member of academic staff, Adjunct staff member, a suitably qualified industry expert, or an Emeritus Professor of the University.
- 2.3 An alternative supervisor will be appointed if the supervisor is to be unavailable for more than four consecutive weeks during the period of supervision of the research component.
- 2.4 The Head of School (or nominee) will appoint no less than two assessors for the research component. At least one of the appointed assessors will be internal and other appointed assessors may be either internal or external to the University.
 - 2.4.1 All assessors will meet the requirements of clause 2.5 of this procedure.
 - 2.4.2 All assessors will have relevant expertise in the area of the research component.
 - 2.4.3 A supervisor who has acted in any capacity in relation to the Honours research component for that student will not be appointed as an assessor.
- 2.5 Supervisors and assessors will:
 - 2.5.1 possess a minimum qualification of an AQF Level 9 or higher; or
 - 2.5.2 be approved as per the *Equivalence of Qualifications Procedures*.
- 2.6 Each responsible Academic Area will provide appointed assessors with guidelines for the examination of Honours research components including assessment criteria.
- 2.7 Each assessor will independently prepare an assessor's report addressing the assessment criteria provided in the guidelines referenced at 2.6 and will indicate the recommended mark for the Honours research component based on those criteria.
- 2.8 Honours components that are used to determine the Final Honours Score will be allocated a mark.
- 2.9 In the event of discrepancy between the assessor's reports:
 - 2.9.1 if the mark awarded by the assessors differs by less than 10%, the mark is determined by averaging the marks; or
 - 2.9.2 where the mark of the research component differs by 10% or more, and a consensus cannot be reached, an additional assessor will be appointed. The mark for the Honours research component will be the average of the two closest marks from the assessors.
 - 2.9.3 Where the marking of the Honours research component is conducted by a group and consensus cannot be reached, a single assessor will be used to remark the work. The assessor's score will be used to substitute the mark from the group that is furthest from the median and the final mark will be the average of these marks.
- 2.10 Where permitted in the unit outline, the *Further Assessment Procedure* may apply.

Classification of Honours Level

- 2.11 The Final Honours Score is determined by summing together the Honours components (identified Honours coursework units and Honours research component) of the course.
- 2.12 The Honours research component:
- 2.12.1 will have a minimum weighting of 50%; and
- 2.12.2 will be passed by the student if Honours is to be awarded.
- 2.13 The class of Honours is determined using the table below:

Final Honours Score*	Class of Honours
8 or more	First Class
7	Upper Second Class
6	Lower Second Class
5	Third Class

**Rounding of the Final Honours Score is permitted. The threshold is x.5 (e.g. 79.50 will be rounded to a Final Honours Score of 8 and 79.49 will be rounded to a Final Honours Score of 7).*

3. SCOPE OF PROCEDURES

All Honours students, staff and University associates.

4. DEFINITIONS

Refer to Schedule 1 of this manual for relevant definitions.

Research Component

A dissertation, thesis, manuscript and associated documentation, project, or creative work which constitutes part of the assessable work towards a degree.

2. PROCEDURAL DETAILS

- 2.1 Penalties for late assessment will be consistently applied across the University.
- 2.2 The Unit Coordinator or Head of School (or authorised officer) may determine that late assessment is excluded in part or all of a unit. This will be specified in the Unit Outline, and it will apply to all students enrolled in that unit, monitored by the Directors, Student Engagement.
- 2.3 All assessment tasks for which students are required to submit a physical or electronic piece of work will have a due date and time specified in the Unit Outline. Work submitted after this time will be considered late.
 - 2.3.1 All dates and times for submission will be as per the local time for the unit availability in which the student is enrolled. Work submitted after this time will be considered late and penalties will be applied as outlined in clause 2.4 or 2.5.
- 2.4 If late submission of work is excluded, any work submitted after the specified due dates and times will be considered late and will receive a penalty of 100% (i.e. a zero mark for the assessment component that was late for a grade/mark unit or an F for a Pass/Fail unit).
- 2.5 If late submission of work is accepted, and the student does not have an approved assessment extension, a penalty will be applied as follows:

Submission	Reduction
Up to 24 hours late	The mark is reduced by 5% of the total marks allocated for the assessment item.
Beyond 24 hours late, up to 168 hours late (7 days)	The assessment mark is reduced by 5% of the total marks allocated for the assessment item for the first 24 hours it is late. PLUS The assessment mark is reduced by a further 10% of the total marks allocated for the assessment item for each additional 24 hours period that is commenced.
Beyond 168 hours late	A mark of zero is recorded.

- 2.5.1 All penalty timeframes are inclusive of weekends and public holidays.
- 2.6 All assessment tasks involving an assessment event (e.g. examinations and performances) will identify in the unit outline the week(s) of the study period when the event will be scheduled to occur. Once scheduled, students will be given at least 10 working days' notice of the date/time of the event. Students who miss the event, without an approved assessment extension, will be given a mark of zero (0) for the assessment for a grade/mark unit or an F for a Pass/Fail unit.
 - 2.6.1 A student who is late to an assessment event may be permitted to complete the assessment within the original timeframe for the event but will not be permitted extra time

Notification and Advice to Students

- 2.7 It is the responsibility of the Unit Coordinator (or authorised officer) to notify the student that a late assessment penalty has been applied. The notification will indicate the original mark awarded, the penalty applied and the final mark after penalty.

$$\text{Final mark after Penalty} = \text{Mark awarded} - \text{Penalty}$$

Example:

Student has submitted an assessment item achieving a mark of 16/20

Assessment	Reduction	Mark
Submitted on time	N/A	16/20
23 hours late	5% of 20 marks	15/20
26 hours late	15% of 20 marks	13/20
62 hours late	25% of 20 marks	11/20
168 hours late (7 days) and beyond	A mark of zero is recorded.	0/20

3. SCOPE OF PROCEDURES

ASSESSMENT EXTENSION

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Responsibility

- 2.1 The Unit Coordinator is responsible for determining whether applications for assessment extension will be accepted in a unit and for clearly notifying students in the Unit Outline.
- 2.2 Whether assessment extension is or is not accepted in a unit, the following provisions will apply:
 - 2.2.1 Where special circumstances exist, the Academic Registrar may, in consultation with the Unit Coordinator, approve an assessment extension with or without application; or
 - 2.2.2 Where there is a legislative requirement for assessment extension applications to be accepted (e.g. Defence).
- 2.3 The Unit Coordinator is responsible for determining the outcome of an application for assessment extension. The Unit Coordinator may authorise another staff member (authorised officer) to undertake this function but the Unit Coordinator remains responsible for the proper exercise of this function and final determination.

Application for Assessment Extension

- 2.4 An application for an Assessment Extension will be submitted on the form prescribed by the Academic Registrar prior to the assessment due date/time. An application may be accepted up to five working days after this at the discretion of the decision-maker, where the student is able to provide a verifiable explanation as to why they were not able to submit their application prior to the assessment due date/time.
- 2.5 If an application for Assessment Extension relates to multiple assessment items across different units, the School will take steps to ensure that decision-maker(s) are able to provide consistency.
- 2.6 Approval for an Assessment Extension will only be given where the decision-maker is satisfied that the reason a student was not able to complete an assessment task was due to exceptional circumstances beyond the student's control. The existence of exceptional circumstances does not in itself mean that an application for Assessment Extension will be approved.
- 2.7 A Unit Coordinator, in consultation with the Head of School, may offer an Assessment Extension to a student or group of students, without application, in recognition of circumstances where the resources required to complete the assessment are not available. This might arise, for example, if essential equipment is damaged or unavailable for such a period of time that students would be unfairly disadvantaged in the assessment process.
- 2.8 Assessment Extension request reasons and expectations for supporting documentation are provided in the table below. Additional documentation may be accepted at the discretion of the decision-maker. All supporting documentation will be submitted in English.

Reason	Supporting Documentation
Student injury, illness or medical condition	<p>Signed statement on relevant official letterhead from a Medical Practitioner or other approved health professional registered by the relevant National Medical Board (www.medicalboard.gov.au).</p> <p>Medical statements from online services will not be accepted unless face to face consultation occurs or a previous practitioner-patient relationship exists in accordance with the 2016 revision of the AMA Medical Certificate Guidelines.</p> <p>Medical statements from pharmacists are not acceptable.</p> <p>Signed statement on relevant official letterhead from Curtin University's Psychological and Counselling Services,</p>

	AccessAbility Services outlining how circumstances have impacted the student's ability to submit the assessment item on the due date.
Family issues (e.g. family injury, illness or bereavement)	Death Certificate or funeral notice. Police report or statement. Any form of supporting documentation accepted under the Student injury, illness or medical condition category listed above. Statutory declaration outlining the relationship to the impacted family member if this is not evident without clarification.
Participation in Defence Force or Emergency Services	Emergency Services: Signed statement of support on relevant official letterhead detailing the mandatory service requirements or participation in a recognised Emergency Services callout. Defence Force: Signed statement on relevant official letterhead detailing the student is rendering Defence Service.
Unavoidable and unexpected work commitments not opted into on a voluntary basis	Signed statement on company letterhead from the employer supporting claims of unavoidable and unexpected work commitments, confirming that these were not opted into on a voluntary basis. For self-employed students, sufficient detail to adequately explain why work commitments are both unavoidable and unexpected will be provided.
Elite Athlete sporting activity participation	Signed statement of support from the University's Elite Athlete Co-ordinator outlining how circumstances have impacted the student's ability to submit the assessment item on the due date.
Obligatory Religious Requirements	Signed statement of support from the student's religious leader or University's Student Wellbeing Advisor outlining how obligatory religious requirements will or have impacted the student's ability to submit their assessment item on the due date.
Further reasons including social and welfare	Signed statement of support from the University's Student Wellbeing Advisor outlining how circumstances have impacted the student's ability to submit the assessment item on the due date.

2.9 Documentation provided to support an Assessment Extension request will:

2.9.1 be directly applicable to the reasons provided;

2.9.2 include the dates the student was affected by the relevant circumstances; and

2.9.3 specifically support the extension time period requested by the student.

2.10 If required, the decision-maker may request the student provide further documentation appropriate to the circumstances.

2.11 Any dispute regarding the required level of documentation (including any requirement to provide medical certificates from a specific medical practitioner or range of medical practitioners) will be determined by the Academic Registrar (or authorised officer).

2.12 In determining an Assessment Extension, consideration will be given to any impact the approval of a request may have on the student requesting the extension.

2.13 If a student repeatedly submits applications for Assessment Extensions for the same assessment task using similar reasons without a CAP in place, the decision-maker may require the student to take further action to ensure appropriate support mechanisms are

investigated and provide evidence of action undertaken (e.g. investigate a CAP, meet with relevant Support Services staff). The decision-maker retains the right to reject the application should this evidence not be forthcoming.

Outcome of Assessment Extension application

- 2.14 Assessment Extension applications will be determined and the student notified of the outcome via the Official Communication Channel under normal circumstances within seven working days. If it is not possible to determine the outcome of the application within this normal timeframe, the student will be notified of reasons for the delay and the expected date they will be advised of the outcome.
- 2.15 If an application for Assessment Extension is rejected, the decision-maker will provide reasons for their decision. In this situation, the student will be advised of their further right of appeal to the Head of School (or authorised officer).
- 2.16 Students will be advised not to commit to any other arrangements that will prevent them from completing the assessment task(s) for which the Assessment Extension has been granted.
- 2.17 A student who fails to complete the assessment for which they received the extension at or by the new specified due date/time will forfeit the right to any further extension. A further extension will only be considered if a student can demonstrate that ongoing or additional exceptional circumstances outside of their control impacted their ability to complete the assessment task.
- 2.18 If the reason the assessment task was not able to be completed by the new specified due date/time was due to circumstances other than those described in the original application, the student will complete and submit a new application form.
- 2.19 Assessment Extension will not be used to allow a student to repeat a unit in a future study period.

Time Frame for Assessment Extension

- 2.20 If an Assessment Extension is granted, an appropriate new due date/time will be specified:
 - For assignments or other submitted work an extension may be up to seven working days after the initial due date/time unless the exceptional circumstances warrant a longer delay; and
 - If the assessment extension is for an assessment item with a scheduled date/time for the task (e.g. examination, performance type assessment), the student will be provided with at least three working days' notice of the new examination date/time.
- 2.21 Where practical, the assessment task for which an Assessment Extension has been granted will be completed before the date of the Board of Examiners meeting, and no later than the commencement of the next study period.
- 2.22 To accommodate Assessment Extensions for examinations or similar events that occur during an examination period (where a centrally established period for these is not identified), Schools will determine a specific period (generally one week) for these to occur and publish this information in the Unit Outline.

Right of Appeal to the Head of School (or authorised officer)

- 2.23 A student who is denied an Assessment Extension may appeal to the relevant Head of School (or authorised officer). If the Head of School was involved in the original decision, the appeal will be to the Pro Vice-Chancellor. The decision-maker will not have been involved in the original decision.
- 2.24 The decision-maker may consider additional documentation to that which was provided with the original application.
- 2.25 The appeal will be lodged in writing within five working days of being advised that an Assessment Extension has not been approved.
- 2.26 The decision-maker will assess the appeal and determine if a change in decision is warranted. Once a decision has been made on the appeal, the student and Unit Coordinator will be advised of the outcome immediately and in any case, no later than three working days from the date of the decision.

2.27 If an appeal is rejected, the decision-maker will provide reasons for the decision.

2.28 The decision of the decision-maker is final.

At or beyond the Board of Examiners meeting

2.29 The Unit Coordinator (or authorised officer) will:

2.29.1 advise the Board of Examiners (BoE) of any completed Assessment Extensions requiring the conversion of an interim grade of Grade not Submitted (GNS) to a grade and mark;

2.29.2 ask the Board of Examiners to approve an interim grade of Deferred Assessment (DA) where there is an outstanding Assessment Extension and advise the Board of Examiners of the date the extension will be finalised;

2.29.3 inform the Board of Examiners of any outstanding applications for an Assessment Extension (e.g. there was insufficient time available to review the application; the application was rejected and is now under appeal).

2.30 If the assessment task for which an Assessment Extension has been granted cannot be finalised before the commencement of the next study period, the Board of Examiners may approve a further delay to a date no later than the end of the next study period in which the student would normally enrol. Consideration will be given to reducing the student's study load in that study period.

2.31 Any further delay will be approved by the Academic Registrar (or authorised officer). The Head of School (or authorised officer) will support the further delay and submit a written request for approval to the Academic Registrar.

2.32 Typically, a student with an interim grade of DA will not be permitted to take a Leave of Absence. Where the circumstances warrant a Leave of Absence, this will be approved by the Academic Registrar (or authorised officer).

Design of the Assessment Extension Task

2.33 The design for an assessment task for which an extension has been granted will be equivalent to the original assessment and ensure the student does not gain an unfair advantage.

Recording an Assessment Extension

2.34 If the assessment is received and can be marked prior to the deadline for submission of unit marks, then the mark will be recorded and the final grade and mark submitted. If the assessment is not received or cannot be marked by the deadline a grade of GNS will be submitted.

2.35 If the Assessment Extension extends beyond the Board of Examiners meeting an interim grade of DA is recorded. Once the assessment is received and marked a final grade and mark will be submitted for ratification by the Board of Examiners.

Responsibilities of Schools/Regular Review of Outstanding DA Grades

2.36 The Head of School is responsible for the regular review of DA interim grades to ensure that they are converted to a final result within six months of being granted unless otherwise approved by the Academic Registrar (or authorised officer).

2.37 If an extension of the DA interim grade beyond six months is required by the School, a written request for extension, providing reasons why the DA is not able to be converted to a final grade within the initial six month period, will be submitted by the Head of School to the Academic Registrar (or authorised officer).

2.38 If the circumstances warrant the requested extension, the DA may be maintained for the period approved by the Academic Registrar (or authorised officer).

Late Withdrawal

2.39 Where the personal circumstances of the student are such that an interim grade of DA would have been warranted but the student is unable to complete a unit and needs to re-commence it at a later time, consideration may be given to allow a late withdrawal from the unit with remission of debt or a fee refund.

2.40 If the withdrawal occurs after the relevant census date, the withdrawal may be recorded on the Academic Transcript as a "WD" however remission of debt or a fee refund (full or partial*) can

be assessed so the student is not financially disadvantaged and can re-enrol in the unit and repeat it at a later date.

* Fee paying students may be required to forfeit a proportion of the fee as per the University Student Fee Refund Agreement.

Open Universities Australia Students

2.41 Open Universities Australia (OUA) students who are granted an Assessment Extension for an examination are to sit the examination in the next relevant study period/session.

2.42 Administration of these arrangements will be in accordance with policy and procedures approved between OUA and Curtin.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

FURTHER ASSESSMENT

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Responsibilities

- 2.1 The Head of School may determine that Further Assessment is excluded in a unit. This will be specified on the Unit Outline, and it will apply to all students enrolled in that unit.
- 2.2 The Board of Examiners is responsible for determining Further Assessment for a student in accordance with 2.3 and 2.4.

Student Eligibility

- 2.3 A student is eligible for consideration for Further Assessment if they:
 - 2.3.1 are enrolled in a unit within their first 200cp of study in their course or in a unit in their final study period of a course; and
 - 2.3.2 have attempted all required assessment tasks for the unit and have marginally failed the unit; and
 - 2.3.3 have not been found guilty of Academic Misconduct in that unit.
- 2.4 An eligible student may only be offered:
 - 2.4.1 two opportunities for Further Assessment in a Bachelor level course; and
 - 2.4.2 one opportunity for Further Assessment in all other courses.
- 2.5 Any exceptions to 2.3 or 2.4 will be considered on a case by case basis and approved by the relevant Faculty Pro Vice-Chancellor. Where an exception is awarded, this will be notified in writing to the Academic Registrar within seven working days, providing reasons for why the exception was requested and approved.

Timeframe for Further Assessment

- 2.6 Where a centrally established period for Further Assessment is not identified, Schools will determine a specific period (generally one week) for Further Assessment for each study period and publish this information in the Unit Outline.
- 2.7 Where the specific period has not been published, the date and time for the Further Assessment Task will be negotiated between the unit coordinator and the student.
- 2.8 Where the Further Assessment is an examination or similar event it will be held within the period specified in the Unit Outline and in accordance with the requirements of the *Examinations Procedure*.
- 2.9 It is desirable to finalise Further Assessment as soon as practicable. However, if this cannot be achieved before the commencement of the next study period, the Board of Examiners may permit a student to complete a Further Assessment Task after the commencement of the next study period but no later than its conclusion. Consideration may be given to reducing the student's study load in that study period.
- 2.10 Any further delay will be approved by the Academic Registrar (or authorised officer).
- 2.11 A student with an interim grade of "X" will not be permitted to take a Leave of Absence unless approved by the Academic Registrar (or authorised officer).

Advice to Students

- 2.12 The Chair of the Board of Examiners (or authorised officer) will notify students of arrangements for a Further Assessment Task no later than the results publication date, and provide at least three working days' notice.
- 2.13 Notification details will include a new due date, time and where appropriate, the location.

Responsibility of Students to be Available for Further Assessment

- 2.14 It is the responsibility of students to be available to attend or complete the Further Assessment Task at the notified time. A student who commits to other arrangements that prevent them from completing a Further Assessment Task will not be entitled to another opportunity.
- 2.15 The provisions of the *Assessment Extension* procedure will apply to Further Assessment.

Design of the Further Assessment Task

- 2.16 The design of the Further Assessment Task will provide the opportunity for the student to demonstrate that they have met the unit learning outcomes. The task may be different to that which was originally completed.

Requirement to Pass the Further Assessment Task to Pass the Unit

- 2.17 A student undertaking Further Assessment is required to pass the Further Assessment Task in order to pass the unit.
- 2.18 A student who wishes to decline the offer of a Further Assessment will complete the form prescribed by the Academic Registrar and submit it within five working days of receiving their notification of an approved Further Assessment via the Official Communications Channel.

Recording Further Assessment

- 2.19 Once Further Assessment is offered by the Board of Examiners an interim grade of X is recorded and the original mark remains. For example an F-47 will become X-47.
- 2.20 If the student passes the Further Assessment Task, the original mark will remain the same however the grade will be changed to PX (pass after Further Assessment). For example: X-47 to PX-47.
- 2.21 If the student does not pass or attempt the Further Assessment Task, the original mark will remain the same however the grade will be changed to FX (fail after Further Assessment). For example: X-47 to FX-47.
- 2.22 If a student declines an offer of the Further Assessment Task, the interim grade will revert to the original grade and mark. For example an X-47 will revert to F-47.
- 2.23 A Further Assessment interim result will be converted to a final result by no later than the end of the subsequent study period in which the student is enrolled.
- 2.24 All results of Further Assessment tasks will be recorded in the University approved secure electronic repository.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

4. DEFINITIONS

- 4.1 **Further Assessment** describes a process whereby, at the discretion of the Board of Examiners, an eligible student is offered an opportunity to undertake a Further Assessment Task in order to confirm that they have met the required learning outcomes for the unit.
- 4.2 Refer to Schedule 1 of this manual for relevant definitions.

EXAMINATIONS

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 Centrally scheduled examinations are held during the Examination Period. These will be managed by Examinations and Progression Management and each paper will use the approved Examination Paper Cover Sheet as specified by the Academic Registrar.
- 2.2 All other examinations are school scheduled examinations (with the exception of Open Universities Australia (OUA) examinations), and will be managed by the relevant School.
- 2.3 OUA Examination Services in Melbourne are responsible for OUA Examinations and scheduling and administrative support for OUA examinations will be undertaken by Curtin.
- 2.4 Students will make themselves available for scheduled examinations.
- 2.5 Centrally scheduled examinations may take place on any day or evening during the examination period, with the exception of Sundays. Assessors (examiners) will be in attendance for the commencement of the examination and contactable for the duration of the examination.

Duration of Examinations

- 2.6 Examination durations will be stated in the Unit Outline and normally limited to a maximum of two hours duration. No examination will be more than three hours duration.

Limitation on Examinations

- 2.7 Units will, wherever possible, have only one centrally scheduled examination.
- 2.8 If a unit requires more than one centrally scheduled examination, this will be approved by the Faculty Learning and Teaching Committee or equivalent.

Examination Timetable

- 2.9 For centrally scheduled examinations, a draft examination timetable will be published six weeks prior to the examination period. Students have one week to provide feedback to their Schools if necessary. A final timetable will be published four weeks prior to the examination period.
- 2.10 For school scheduled examinations, students will be advised of the details of the examination (date, time, location) by the School at least three weeks in advance of the examination.
- 2.11 Students who fail to attend an examination because they misread the examination schedule details or accepted incorrect information on examination schedule details from another person, are not entitled to sit the examination at any other time or receive any other concession.
- 2.12 The area managing the examination is responsible for approving any changes to the final examination timetable. Approved changes will be communicated to the student by the School.

Examination Clashes or More than two Examinations in a 23 hour period

- 2.13 Students may be required to sit multiple examinations but will not be made to take more than two examinations or other assessment activity whether centrally administered or not, in a 23 hour period (based on the commencement time of the assessment).
- 2.14 After publication of the final examination timetable, students are responsible for reporting any examination clash to the organising area.
- 2.15 In the event that a student has three or more examinations scheduled in a 23 hour period, they may elect to sit one of the examinations on a different day. The time will normally be prior to the official scheduled time.
- 2.16 For centrally scheduled examinations, Examinations and Progression Management will facilitate the alternate examination, notify the student of their amended timetable and inform the relevant School that an alternate examination has been scheduled.

- 2.17 For school scheduled examinations, the School will assess and determine requests, reschedule one examination to a different day or time and will notify the student of their amended timetable.
- 2.18 Students sitting an examination at an alternate time will sign an agreement to ensure the confidentiality of the examination paper.

Responsibilities

- 2.19 The relevant Head of School is responsible for ensuring that examination papers are in accordance with the syllabus for the unit, are clear in meaning and are of reasonable length and proper standard.
- 2.20 The Unit Coordinator will normally be the assessor (examiner) for any centrally scheduled examinations for the unit and be assisted by a co-assessor (co-examiner), appointed by the Head of School.
- 2.21 The assessor (examiner) is responsible for all of the following:
 - 2.21.1 the format and content of examination papers;
 - 2.21.2 ensuring the examination paper information sheet is signed by the assessor (examiner), co-assessor (co-examiner) and the Head of School; and
 - 2.21.3 provision of the examination paper, including any additional materials (if required) and examination paper information sheet to the area managing the examination by the specified deadline.

Catering for Curtin and Partner Campus Time Zones

- 2.22 Offshore Curtin and Partner Campuses may request to hold their examination at a different time to the Bentley timetable. Schools will liaise with these stakeholders prior to submitting examination requests and papers to Examinations and Progression Management.
- 2.23 An alternate examination paper will be written when the difference between the commencement times of the two examinations exceeds the duration of the examination itself. The alternate paper must be sufficiently different to ensure that students who obtain knowledge of the contents of the earlier examination are not unfairly advantaged. Time zone differences (if any) will be taken into account when determining the commencement times of the examinations. Please refer to Schedule 3 for examples.

Examinations for External Students

- 2.24 **Students residing within the metropolitan area:** External students residing within 100 kilometres of the Bentley Campus will sit their examinations at the Bentley Campus, unless exceptional circumstances apply due to a disability, or a medical condition that would prevent them travelling to the campus.
- 2.25 **Students residing outside the metropolitan area:** Students outside 100 kilometres of the Bentley Campus will be advised to sit their examinations at a Recognised Examination Centre (REC).
- 2.26 Students residing outside 100 kilometres of a REC have the option of:
 - 2.26.1 Sitting their examination at Bentley Campus;
 - 2.26.2 Nominating a recognised examination centre; or
 - 2.26.3 Nominating an appropriate invigilator where no conflict of interest exists and the individual invigilator is not a partner, relative, close friend or another student.
- 2.27 With the exception of Open Universities Australia (OUA) students, the University will incur the cost of examination supervision for external students. Invigilation costs for OUA undergraduate examinations held within the normal OUA examination period are covered by OUA Examination Services in Melbourne. Any costs for examinations held outside these examination periods are covered by the School. All invigilation costs for OUA postgraduate examinations are covered by the School.
- 2.28 The area managing the examination reserves the right to reject any nominated examination venue or nominated invigilator.
- 2.29 The area managing the examination will inform the invigilator in the nominated venue of any alternative examination conditions which have been determined by Counselling, AccessAbility and Wellbeing Services in consultation with the student concerned.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

2.4 It is the responsibility of the student to ensure that an application for an AEA is made prior to the deadline.

2.5 Students with examination clashes or more than two examinations in a 23 hour period should refer to the *Examinations* procedure.

2.6 The area managing the examination will determine how many AEA sessions are co-ordinated per day.

2.7 If a student sits an AEA that is not aligned with the scheduled examination timetable, the student will sign a Statutory Declaration to ensure confidentiality of the examination paper.

2.8 The area managing the AEA will send the amended final examination timetable to the relevant students.

2.9 The area managing the AEA will inform the appropriate Unit Coordinator and approving staff that the student is sitting their examination under alternative examination arrangements.

2.10 The Unit Coordinator will determine whether a separate examination paper is to be supplied.

Disability/Medical

2.11 Students will contact Counselling, AccessAbility and Wellbeing Services to seek approval and determination of appropriate reasonable adjustments. Students are required to provide relevant documentation to substantiate their condition.

2.12 When a request for an AEA is supported, Counselling, AccessAbility and Wellbeing Services will:

2.12.1 Submit a request to Examinations and Progression Management; or

2.12.2 Provide the student with a Curtin Access Plan (CAP) detailing approved alternative examination arrangements for the student to present to the Unit Coordinator.

- 2.18 When a request is supported, the Student Wellbeing Advisory Service will:
 - 2.18.1 Submit a request to Examinations and Progression Management (for centrally scheduled examinations), or
 - 2.18.2 Provide the student with a supporting letter for the student to take to the Unit Coordinator (if the examination is school scheduled). The School will be responsible for providing the venue, appropriate conditions and supervision for school scheduled examinations.

Social Inclusion

- 2.19 AEA's that fall under Social Inclusion are based on reasons other than disability and/or medical, such as pregnancy and family responsibility.
- 2.20 Students will contact a Student Wellbeing Officer to seek approval and determination of appropriate reasonable adjustments.
- 2.21 Students with Social Inclusion reasons will apply and be assessed each study period if alternative examinations or other assessment arrangements are required.

- 2.3 For grade/mark units, the mark is from the scale 0-100.
- 2.4 The result type (either pass/fail or grade/mark) will be specified at the time the unit is initially approved.
- 2.5 The result type may only be changed in accordance with the University Course Approval Process.
- 2.6 For study periods determined by Curtin to be affected by the COVID-19 pandemic, following the release of marks, students may apply to receive a pass designation in place of a passing Grade/Mark. This will be available within units except where a Grade/Mark is required (e.g. Honours units, accreditation requirements). The grade (P) will be recorded on the transcript in place of the original Grade/Mark and the unit will not contribute to the calculation of semester or course weighted averages.

Interim Grades (used for both Pass/Fail and Grade/Mark units)

Grade	Description	Application
GNS	Grade Not Submitted	A result in a unit is not available to the Board of Examiners because marking is not complete. A GNS is an interim grade and will be converted to a final grade within one month after the Board of Examiners. Any extension will be approved by the Academic Registrar (or authorised officer).

X	Outstanding Further Assessment	<p>Student, who otherwise would be awarded a grade of F or FAIL, is granted Further Assessment by a Board of Examiners.</p> <p>Once the Further Assessment is completed, the student will be awarded a grade of either PX (Pass After Further Assessment) or FX (Fail After Further Assessment).</p> <p>In both cases, for grade/mark units the original mark will be retained.</p> <p>An X grade will be converted to a final result by no later than the end of the next study period that the student would normally enrol in.</p> <p>Any extension will be approved by the Academic Registrar (or authorised officer).</p>
DA	Deferred Assessment	<p>Where an assessment task within a unit of study is approved to be done at a later date, but not later than the end of the next study period that the student would normally enrol in.</p> <p>A DA grade will be converted to a final result by no later than the end of the next study period that the student would normally enrol in.</p> <p>Any extension will be approved by the Academic Registrar (or authorised officer).</p>

Grade/Mark Units – Final Grades

Grade	Mark (Range)	Description	Application
PC	0-100	Conceded Pass	The Board of Examiners has conceded a pass for the unit even though the student has not achieved all of the learning outcomes. The originally assigned mark will not be changed.

Discontinued Grades (effective 1 January 2007)

Grade	Description
D	Deferred Assessment
DNA	Did Not Attend
DNC	Did Not Complete
OR	Ongoing Research
PA	Pass Grade for Pass/Fail Unit

Unit Withdrawal

- 2.7 A withdrawal from a unit after a census date may be recorded on the Academic Transcript as a “WD”.

Indicator	Description
WD	Withdrawal

- 2.8 The WD will remain on the Academic Transcript irrespective of whether a fee refund or remission of debt is approved.
- 2.9 Up until 1 January 2007, a withdrawal from a unit after a census date was recorded on the Academic Transcript as either a “W” or a “WD”.

F-IN Fail – Incomplete/Insufficient Assessment

- 2.10 The F-IN grade (Fail as a consequence of incomplete or insufficient assessment) is a Fail grade but may be used in lieu of a normal FAIL or F:00 grade to show that the reason the student has failed is due to non-completion of a significant or compulsory assessment task.
- 2.11 Examples of where an F-IN **may** be appropriate are:
- 2.11.1 Failure by a student to complete all compulsory assessment tasks. For example if a student must complete certain assessment tasks (or all assessment tasks) in order to pass a unit (irrespective of their mark they obtain on the assessment tasks they complete), and the only reason for the unit fail is that they did not complete that assessment task or tasks, then awarding an F-IN in lieu of a FAIL or F:00 may be appropriate.
 - 2.11.2 Failure by a student to sit a final examination where that examination is worth a significant proportion of the final mark **and the failure to sit the examination is considered the reason for the unit fail.**
- 2.12 If however, it is considered that the student would not have passed the unit even if he or she had sat the examination, it would not be appropriate to award an F-IN. Rather, a FAIL or F:00 may be awarded instead. An example would be where the student would have to obtain a mark in the examination significantly higher than their past results would indicate was likely.
- 2.13 The intent of the F-IN grade is to indicate that the student has failed **as a consequence of not completing all assessment tasks** rather than as a consequence of actual marks obtained.
- 2.14 It is therefore important not to use the F-IN grade in circumstances where a student has attempted sufficient assessment tasks to enable successful completion of the unit.

ANN Grades (Result Annulled Due to Academic Misconduct)

- 2.15 An ANN grade will remain on the student’s academic record for a minimum period of 12 months after the student ceases study at Curtin University. After this period, a student may apply to the Academic Registrar (or authorised officer) to have the ANN grade converted to a FAIL (Pass/Fail units) or an F:00 (grade/mark units).

- 2.16 The application to have the ANN grade converted to a FAIL or F:00 will be in writing and provide an explanation of the circumstances of the original offence and justification for converting the ANN grade.
- 2.17 The Academic Registrar (or authorised officer) will take into account the views of the relevant Head of School in making a decision whether to convert the ANN to a FAIL or F:00. In deciding whether to approve the conversion of an ANN grade to a FAIL or F:00, the Academic Registrar (or authorised officer) may take into account any relevant factors including:
- 2.17.1 The circumstances of the original offence and the level of seriousness of the academic misconduct that led to the imposition of the ANN grade or grades;
- 2.17.2 Whether the student was found guilty of more than one instance of academic misconduct; or
- 2.17.3 The period of time that has elapsed since the ANN grade or grades were imposed.
- 2.18 The Academic Registrar (or authorised officer) may refuse to convert an ANN grade to a FAIL or F:00 where a student has been found guilty of more than one instance of academic misconduct or where the offence was of such magnitude that conversion to a FAIL or F:00 is considered inappropriate.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

2.1 Calculation of the Semester Weighted Average (SWA) includes:

2.1.1 Marks for any grade/mark unit (including units that are Failed);

2.1.2 Marks (if any) for any unit with a result of F-IN (Fail - Incomplete/Insufficient Assessment); and

2.1.3 Zero marks (0) for any grade/mark unit with a result of ANN (Result Annulled due to Academic Misconduct).

2.2 Calculation of the Course Weighted Average (CWA) includes:

2.2.1 Marks for any grade/mark unit credited towards the course as Automatic Credit or Designated Credit;

2.2.2 Marks for any grade/mark unit (including units that are Failed);

2.2.3 Marks (if any) for any unit with a result of F-IN (Fail - Incomplete/Insufficient Assessment);

2.2.4 Zero marks (0) for any grade/mark unit with a result of ANN (Result Annulled due to Academic Misconduct).

2.3 Exclusions from the calculation of SWA and CWA include:

2.3.1 Pass/Fail Units;

2.3.2 Units recorded as a Withdrawal (WD);

2.3.3 Units with a Deferred Assessment interim result (DA);

2.3.4 Units with an Ongoing Assessment (OA) interim result.

2.4 The formula for calculating SWA and CWA is at Schedule 2.

Grade Point Average (GPA)

2.5 Curtin University does not use or calculate a Grade Point Average (GPA). However, under the Curtin University Grading system, a CWA of 0.00 is the minimum, a CWA of 50.00 is the mid-point and a CWA of 100.00 is the maximum, and this scale may be used to calculate an equivalent GPA.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

ACADEMIC STATUS

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

2.1 Academic status for enrolled students will be determined by the Board of Examiners at the end of each study period and records of reasons for their decision will be maintained.

2.2 Academic status will be one of the following three categories:

Academic Status	Description
Good Standing	The student is achieving satisfactory course progress and is permitted to continue in the course and to re-enrol.
Conditional	The student is at risk of not achieving satisfactory course progress but is permitted to continue in the course and to re-enrol, under such conditions as may be determined by the Head of School or Student Progress Appeals Committee.
Terminated	The student has not achieved satisfactory course progress and is terminated from the course. The student is not permitted to continue in the course or to re-enrol in the course without appropriate approval.

2.3 The entitlement to continue in a course and to re-enrol is, in all cases, subject to any other restrictions or prohibitions imposed on the student (for example, a prohibition on enrolment due to outstanding fees or misconduct, requirement to sign and adhere to a student agreement regarding conditions).

2.4 Where a course has additional requirements for progression, the School will document these requirements and provide them to all students prior to enrolment. Within this documentation, the School will outline how the additional requirements will be assessed over the duration of the course and will explain the impact these requirements may have upon student progression. The School will ensure compliance with the progression criteria outlined in the *Academic Status* procedure.

2.4.1 If there are reasonable grounds to believe that a student is (or will be) unable to complete the inherent (specific) requirements of a course, the student will be advised of the potential issue and given the opportunity to make an informed decision with respect to course/unit selection and onward progression. Whilst it is recognised that reasonable adjustments to assessment tasks (set out in the Assessment Design Procedure) will be sought wherever possible, there are some situations where such adjustments are not possible (e.g. as a consequence of accreditation requirements). In this case, the School will identify potential alternative course pathways and/or exit awards and will confirm these in writing with the student.

Academic Status: Good Standing

2.5 All students enrolled in a course are expected to achieve satisfactory course progress.

2.6 A student is considered to be achieving satisfactory course progress if they, (as a minimum), obtain a SWA of at least 50.00 and pass more than 50% of enrolled units each study period.

Academic Status: Conditional

2.7 The criteria for determining Conditional status for all courses are as set out below:

Criteria	Decision
<p>In the study period just ended, one or more of the following applies:</p> <ul style="list-style-type: none"> • the student fails 50% or more of enrolled units or • the student attains SWA of less than 50 	<p>Student <u>WILL</u> be placed on Conditional status</p>

- 2.8 A student may be placed on Conditional status at the discretion of the Board of Examiners if they fail a core unit in the study period just ended. Their status of Conditional may be continued in subsequent study periods until the failed core unit is passed.
- 2.9 If prior to the completion of the first study period of enrolment, a student is identified as “At Risk” of not achieving satisfactory course progress the Head of School (or authorised officer) is responsible for contacting the student in writing regarding their progress as part of an early intervention strategy. Students are responsible for seeking advice and support to engage in the intervention strategy.
- 2.10 Where a student meets the criteria for Conditional status for a second consecutive study period and is at risk of being terminated from the course, it is essential that the student be provided with appropriate academic counselling. It is the responsibility of the Head of School to ensure that this occurs.
- 2.11 A documented intervention strategy will be in place for all students who are at risk of not achieving satisfactory course progress requirements.
- 2.12 A documented intervention strategy may be implemented during the first study period of a student's enrolment prior to the student being given an academic status of Conditional or when a student is placed on Conditional status.
- 2.13 Individual Faculties and Schools may implement their own intervention strategies to assist “Conditional” students to achieve satisfactory course progress, provided these comply with the Minimum Requirements provided at 2.14 below.
- 2.14 The Head of School (or authorised officer) will ensure that students placed on Conditional status will be communicated to in writing and be:
- 2.14.1 notified of their status;
- 2.14.2 provided with appropriate guidance in relation to support and academic advice. This will, as a minimum address the following elements:
- specific conditions to maintain enrolment (e.g. counselling, remedial courses, meeting with Unit Coordinator or Course Coordinator, requirement to pass specific core units, enrolment advice);
 - follow up responsibilities of the student throughout the study period; and
 - additional support strategies the student may choose to utilise.

Return to Good Standing

- 2.15 A student with an academic status of Conditional will be returned to Good Standing in the subsequent study period if they meet all of the following criteria:
- 2.15.1 Pass any previously failed core units that resulted in their status remaining Conditional (see 2.8 above);
- 2.15.2 Meet all conditions that may have been set down in relation to Conditional status;
- 2.15.3 No longer meet the criteria for Conditional or Terminated.

Academic Status: Terminated

- 2.16 The act of terminating a student from a course on academic performance grounds constitutes the decision that the student has not achieved satisfactory course progress.
- 2.17 The criteria for Terminated academic status (failure to achieve satisfactory course progress) for all courses are as set out below. Normally a student will not be terminated unless they have an academic status of Conditional in the study period just ended. The only exception is if a student is terminated after one study period (see below).

Terminated after One Study Period

- 2.18 A student will not be terminated from a course after being enrolled in only one study period unless the student has failed all enrolled units and there is documented evidence that an appropriate early intervention strategy was implemented during the study period in sufficient time for the student to undertake the necessary action to avoid failing all units.
- 2.19 The Head of School (or authorised officer) is responsible for activating an appropriate early intervention strategy prior to a student completing their first study period of enrolment.

Terminated after Two or More Study Periods*

- 2.20 A student may be given an academic status of Terminated if they have a current academic status of Conditional **and** one or more of the following Terminated Status criteria are met:

Criteria

Fail 50% or more of enrolled units

SWA of less than 50

Fail any unit a second time

- 2.21 Where a student has met the criteria outlined above on more than one occasion, it would normally be expected that the student will be terminated.

**Note: The study period requirement is simply “enrolment” – it does not need to be in the course in which the student is currently enrolled (for example, it could be in another course or on a Not-For-Degree basis), it does not need to be full time, and it does not need to be in continuous study periods.*

Advice of Terminated Status

- 2.22 Any student terminated from a course will receive formal notification of this decision via an Official Communication Channel message. The Official Communication will be sent by Examinations and Progression Management.

Student Agreement Regarding Conditions

- 2.23 The University may place conditions associated with course progression upon a student and specify these conditions in a student agreement.
- 2.24 When required, students will sign and adhere to a student agreement outlining conditions for continued enrolment.
- 2.25 Any student who has been terminated from their course, then allowed to re-enrol as a result of a review or appeal, will be terminated again immediately if they fail to sign and adhere to any of the conditions outlined in the student agreement.

Consideration of Personal Circumstances

- 2.26 Where students have identified to staff personal circumstances that may have impacted their academic progression, these may be taken into account when determining an academic status of terminated.
- 2.27 Any exceptional circumstances, such as illness or bereavement, which may have impacted on a student’s ability to achieve satisfactory course progress, will be given due consideration.

Application of Academic Status for Students who Switch Course

- 2.28 In all cases, where a student has a status of Conditional in their previous course, if accepted into a new course, they will enter with an academic status of Conditional.
- 2.29 It is the responsibility of the Head of School (or authorised officer) of the new course to ensure the appropriate academic status is applied in the first study period of enrolment for all students who switch courses. An academic support plan for the student may be implemented.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

COURSE SWITCHING FOLLOWING TERMINATION

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 A student who is terminated from a course due to failure to achieve satisfactory course progress may apply for admission to an alternate course (course switch).
- 2.2 If an International Onshore student is terminated from their course, the University will, in accordance with the relevant legislation, provide the student an opportunity to appeal the decision. If an appeal is not submitted or is unsuccessful, the student will be reported to the relevant government department as being terminated from their course due to a failure to achieve satisfactory course progress.
- 2.3 Acceptance into a new course is at the discretion of the relevant Head of School (or authorised officer).

International Onshore Students - Course Switching after Termination

- 2.4 Irrespective of whether the student is admitted to a second course, an International Onshore student on a student visa will still be reported to the relevant government agency for a breach of student visa condition 8202 (achieving satisfactory course progress).
- 2.5 If visa cancellation occurs and as a consequence, a student is not permitted to continue study in Australia, the student will receive no credit for any uncompleted units at the time the visa is cancelled. Any entitlement to a fee refund will be in accordance with the University fee refund policy.
- 2.6 Switching to another course is not considered to be a valid appeal reason when appealing against termination from a course.
- 2.7 A student who has been terminated from a course due to failure to achieve satisfactory course progress (first instance of termination from a course) may apply for admission to another course.
- 2.8 Approval for admission into the second course may be given by the Head of School (or authorised officer) for the new course.
- 2.9 If a Head of School (or authorised officer) is prepared to accept a previously terminated student into their course, it will be on Conditional status, a new support plan for the student will be implemented, and it is recommended that a maximum enrolment of 75 credits per study period be required.
- 2.10 If a student is subsequently terminated from their second course on academic performance grounds, the student is not permitted to be admitted to a third course unless approval is obtained from the Academic Registrar.
- 2.11 Any request to allow a student to be admitted to a third course will be submitted in writing by the new Head of School (or authorised officer) to the Academic Registrar.
- 2.12 Approval to allow the student to be admitted to a third course will only be given in exceptional circumstances and where the student is able to demonstrate that their study in the two previous courses was severely affected by exceptional or extenuating circumstances outside of their control and not addressed in any relevant Return to Good Standing Plan.
- 2.13 Full documentation supporting any request will be submitted.
- 2.14 If approved, admission may be subject to such conditions as are reasonably imposed by the Head of School (or authorised officer) and/or Academic Registrar.

2.15 The table below outlines the approval authority for admission into a new course following termination.

No. of Terminations From a Course	Action	Approval
First Termination (from any course)	Admission to a second course on Conditional status	Head of School (or authorised officer)
Second Termination (from any course)	Admission to a third course on Conditional status	Academic Registrar

2.16 Course switching may not apply to enabling and foundation programs. Advice to students will be provided as required by the Head of Area.

3. SCOPE OF PROCEDURES

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

- 2.1 A student who has been terminated from a course due to failure to achieve satisfactory course progress may apply for re-admission to the same course after a minimum period of 12 months since the last enrolment. If approved, re-admission to the same course may be subject to such conditions as are reasonably imposed by the Head of School (or authorised officer) and Academic Registrar.
- 2.2 If a student is subsequently terminated from the course a second time on academic performance grounds, the student is not permitted to be re-admitted to the course unless approval is obtained from the Academic Registrar.
- 2.3 Approval to allow a student to be admitted to the same course a third time will only be given in exceptional circumstances and where the student is able to demonstrate that their study in the two previous attempts was severely affected by exceptional or extenuating circumstances outside their control and not addressed in any relevant Return to Good Standing Plan.
- 2.4 Full documentation supporting any request will be submitted.
- 2.5 If approved, re-admission may be subject to such conditions as are reasonably imposed by the Head of School (or authorised officer) and/or Academic Registrar.
- 2.6 Unless otherwise approved by the Academic Registrar, the student will be re-admitted to the course on Conditional status.
- 2.7 Should a student previously terminated apply for re-admission to the same course and have their application rejected by the School, they can appeal directly to the Manager University Admissions Centre. Refer to *Admission Appeals Procedure* in the *Admission and Enrolment Manual*.

Re-Admission Within 12 Months

- 2.8 In exceptional circumstances, the Academic Registrar may approve re-admission to a course that the student has been terminated from (due to failure to achieve satisfactory course progress), within a period of 12 months since the last enrolment.
- 2.9 Approval to allow a student to be re-admitted to the course within 12 months will only be given where the student is able to demonstrate that their study in the previous attempt was severely affected by exceptional or extenuating circumstances outside their control and not addressed in any relevant Return to Good Standing Plan.
- 2.10 Full documentation supporting any request will be submitted, the Head of School (or authorised officer) will be required to provide support for any re-admission request and may recommend conditions to be imposed if the re-admission request is approved by the Academic Registrar.
- 2.11 If approved, re-admission may be subject to such conditions as are reasonably imposed by the Academic Registrar.
- 2.12 Unless otherwise approved by the Academic Registrar, the student will be re-admitted to the course on Conditional status.

ASSESSMENT APPEALS

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Assessment Appeal - Marks Awarded for Assessment Tasks

Review of Assessment

- 2.1 Any student who has evidence that the mark or result awarded for an assessment task is inaccurate is encouraged to raise their concern with the Unit Coordinator in the first instance. If appropriate, the Unit Coordinator may refer the student to the member of staff responsible for marking the work.
- 2.2 Where this seems warranted, the Unit Coordinator will arrange for the work to be re-marked and the outcome notified to the student.

Formal Assessment Appeal

- 2.3 Students wishing to submit a formal appeal to the Head of School (or authorised officer) will do so within 10 working days of the date the mark for the assessment task was notified to the student.

Assessment Appeal - Final Results

Review of Assessment

- 2.4 Any student who has evidence that their final result is inaccurate is encouraged, in the first instance, to raise their concerns with the Unit Coordinator.
- 2.5 Where this seems warranted, the Unit Coordinator will arrange for the student's work to be re-marked as appropriate and notify the outcome and change of result, if applicable, to the Head of School.
- 2.6 The Chair of the Board of Examiners will approve any change of result.

Formal Assessment Appeal

- 2.7 Students wishing to submit a formal appeal to the Head of School (or authorised officer) will do so within 10 working days of publication of the final result.

Grounds for a Formal Assessment Appeal

- 2.8 Inaccurate assessment is the criterion for a review or for an appeal.
- 2.9 Students requesting a review or lodging a formal assessment appeal will document the grounds on which they feel they were inaccurately assessed.

Determination of Appeal by Head of School (or authorised officer)

- 2.10 Where the Head of School (or authorised officer) has been involved in the original assessment in respect of which the appeal has been lodged, they will not be involved in determining the appeal. The appeal will be determined by the relevant Faculty Pro Vice-Chancellor (or authorised officer).
- 2.11 On receipt of a formal assessment appeal, the Head of School (or authorised officer) will immediately provide the Unit Coordinator with a copy of the appeal and request the Unit Coordinator to provide the following:
 - 2.11.1 Comments on the appeal including any information on discussions already conducted with the student;
 - 2.11.2 A recommendation as to how the matter will be determined;
 - 2.11.3 A copy of the assessed work that is the subject of the appeal if this has not been returned to the student;
 - 2.11.4 Details of the criteria used to assess the student's work; and
 - 2.11.5 Any other information relevant to the appeal.

- 2.12 If the Head of School (or authorised officer), believes there are sufficient grounds for further review of the mark awarded or the final result, they will arrange for the work in question to be re-marked by a person or persons not previously involved in assessing the student's work.
- 2.13 Where possible, the re-marking will be conducted anonymously with the student identity not disclosed to the marker or markers.
- 2.14 Where work is subject to re-marking, the following applies:
 - 2.14.1 If the percentage mark awarded by the two markers differs by less than 10, the mark is determined by simply averaging the two marks.
 - 2.14.2 If the percentage mark awarded by the two markers differs by 10 or more, both markers should be advised and they should attempt to reach a consensus decision about the mark.
 - 2.14.3 If a consensus can be reached this new mark will stand as the mark. If a consensus cannot be reached, a third marker will be appointed. In this case the mark will be the average of the two closest marks from the three markers.
 - 2.14.4 Where the marking is conducted by a group and consensus cannot be reached, a single assessor will be used to remark the work. The assessor's score will be used to substitute the mark from the group that is furthest from the median and the final mark will be the average of these marks.
- 2.15 Where a student has raised valid concerns about possible bias in the original marking, the Head of School (or authorised officer) may provide the student with a list of staff able to re-mark the work and allow the student to select a marker from this list. Where this option is taken, the Unit Coordinator will also be given the opportunity to select a marker from the list and the re-marking will be done by both selected markers. In this case the mark will be the average of the two closest marks from the three markers.
- 2.16 Where suitable staff eligible to re-mark work are not available within the University, the Head of School (or authorised officer), may nominate an external marker and will be responsible for negotiating payment, if applicable.
- 2.17 The appeal will be determined within 10 working days of it being received by the Head of School (or authorised officer).
- 2.18 The decision of the Head of School (or authorised officer) is final.

Notification to the student

- 2.19 Once a decision has been made on the appeal by the Head of School (or authorised officer), the student will be advised of the outcome immediately and in any case, no later than three working days from the date of the decision.
- 2.20 It is the responsibility of the Head of School (or authorised officer), to ensure the student is advised in writing of the outcome of the appeal and the reasons for the decision. The decision of the Head of School (or authorised officer), is final.

Change of Results

- 2.21 Where an appeal has been upheld and the final result for a student requires amendment, it is the responsibility of the Head of School (or authorised officer) to arrange the change of result on the student records system.
- 2.22 The change of result may also require the student's academic status to be reviewed.

Variation to Appeal Timeline

- 2.23 Where a student is subject to misconduct investigations during an Assessment Appeal, the Assessment Appeal will be set aside until the misconduct is finalised.
- 2.24 The timelines for responding to an Assessment Appeal may be varied at the discretion of the Academic Registrar. If applicable, the School is responsible for notifying the student in writing of this variation.

Student Assistance

- 2.25 A student is encouraged to seek assistance and advice from Student Assist or academic staff, in preparing an Assessment Appeal.
- 2.26 In any discussions regarding review of marks or final results, the student is entitled to be accompanied and assisted by a support person, but the support person will not act as an advocate unless invited to do so.

Staff Assistance

2.27 In any discussions regarding review of marks or final results, a staff member may be accompanied by any other staff member of the University.

Grievance Resolution

2.28 Students may lodge a grievance/complaint once all applicable dispute resolution or appeals processes have been exhausted and if they believe that a step in the process has not been followed.

3. SCOPE OF PROCEDURES

All students, with the exception of those students enrolled in Curtin English and Higher Degree by Research (thesis component), unless otherwise specified.

ACADEMIC STATUS APPEALS

1. STRATEGIC OBJECTIVE AND COMPLIANCE OBLIGATION SUPPORTED

Assessment Policy

Strategic Plan Theme: Learning and Student Experience

2. PROCEDURAL DETAILS

Request for Review

- 2.1 A student terminated from a course due to failure to achieve satisfactory course progress has a right of review and a right of appeal regarding that decision.
- 2.2 On receipt of formal notification of termination from a course, if the student wishes to request a review of the decision, they will submit a written request within 20 working days as specified in the Official Communication.
- 2.3 The basis for a Request for Review is exceptional circumstances. The student will need to demonstrate that their results have been affected by circumstances outside their control. The existence of exceptional circumstances does not in itself mean that a Request for Review will be successful.
- 2.4 In considering the Request for Review, the decision maker will take into account the student's exceptional circumstances, explanation for poor academic performance, the student's overall academic record and the criteria for course Termination.
- 2.5 Circumstances that may warrant a review of the decision to terminate, include, but are not limited to:
 - 2.5.1 Student injury, illness or medical condition of such magnitude that the student's results were significantly impacted;
 - 2.5.2 Family issues (family injury or illness, bereavement etc.) of such magnitude that the student's results were significantly impacted;
 - 2.5.3 Commitments to participate in elite sport or other activities that warrant favourable consideration;
 - 2.5.4 Commitments to assist with community service activities (e.g. bushfire protection);
 - 2.5.5 Unavoidable and unexpected work commitments (e.g. relocation);
 - 2.5.6 Commitments to participate in military services.
- 2.6 All Requests for Review will be accompanied by appropriate documentation. Failure to provide documentation may result in the request being rejected.
- 2.7 The Request for Review will be submitted in accordance with these procedures and on the form prescribed by the Academic Registrar. Failure to submit a request within the required timeframe will result in the request being rejected. If warranted by demonstrated and unavoidable exceptional circumstances, discretion may be exercised by the Manager, Examinations and Progression Management (or authorised officer) to accept a late request.

Referral to Head of School (or authorised officer)

- 2.8 On receipt of the Request for Review, the Manager, Examinations and Progression Management (or authorised officer) will register the request and forward it as soon as practicable to the relevant Head of School (or authorised officer).
- 2.9 On receipt of the Request for Review, the Head of School (or authorised officer) will review the original decision, taking into account the information contained in the student's request, and any information that may not have been known at the time the original decision was made.
- 2.10 The Head of School (or authorised officer) will determine that either:
 - 2.10.1 The original decision to discontinue the student will stand;
 - 2.10.2 The original decision will be varied and the student's academic status changed to Conditional;
 - 2.10.3 The original decision will be varied and the student's academic status changed to Good Standing.

- 2.11 This decision will be made within 10 working days of receipt of the Request for Review.
- 2.12 Once the decision has been made, the Head of School (or authorised officer) will immediately notify Examinations and Progression Management of the decision and the reasons for the decision.
- 2.13 Examinations and Progression Management will then notify the student in writing of the outcome and the reasons for decision via the Official Communication Channel.

Appeal to Student Progress Appeals Committee

- 2.14 If a student is not satisfied with the outcome of the Request for Review, the student may request that the matter be determined by the Student Progress Appeals Committee as a formal appeal.
- 2.15 The Student Progress Appeals Committee will typically comprise the following members:
 - 2.15.1 Student Discipline and Appeals Officer, Office of the Academic Registrar (Chair);
 - 2.15.2 A staff member from Counselling, AccessAbility and Wellbeing Services;
 - 2.15.3 A staff member from Student Assist; and
 - 2.15.4 An academic staff member from a Faculty.
- 2.16 Participating staff members will be nominated by their area for approval by the Academic Registrar (or authorised officer), who may change the composition of the Student Progress Appeals Committee at their discretion.
- 2.17 Quorum of the Student Progress Appeals Committee is the Chair and two other members.
- 2.18 Any person involved in determining the Request for Review is not eligible to participate as a member in the Student Progress Appeals Committee.

Lodgement of an appeal to the Student Progress Appeals Committee

- 2.19 An appeal will be lodged by the student within 10 working days of the date of notification of the outcome of the Request for Review by the Head of School (or authorised officer).
- 2.20 The appeal will be submitted in accordance with these procedures and on the form prescribed by the Academic Registrar. Failure to submit a request for an appeal to be referred to the Student Progress Appeals Committee for further consideration within the required timeframe will result in an appeal being rejected. If warranted by demonstrated and unavoidable exceptional circumstances, discretion may be exercised by the Academic Registrar (or authorised officer) to accept a late appeal.
- 2.21 All appeals will be sent or delivered to the Manager, Examinations and Progression Management.

Consideration of Appeal by Student Progress Appeals Committee

- 2.22 Copies of all paperwork associated with the original review by the Head of School (or authorised officer) will be provided to the Chair, Student Progress Appeals Committee.
- 2.23 Normally, the Committee will only consider material from the first review, but where warranted the Chair, Student Progress Appeals Committee may permit the submission of additional material.
- 2.24 The Student Progress Appeals Committee will assess the appeal and determine that either:
 - 2.24.1 The original decision to terminate the student will stand;
 - 2.24.2 The original decision will be varied and the student's academic status changed to Conditional; or
 - 2.24.3 The original decision will be varied and the student's academic status changed to Good Standing.
- 2.25 The decision on the appeal will be made within 10 working days of receipt of the appeal.
- 2.26 Once the decision has been made, the Academic Registrar (or authorised officer) will notify the student of the outcome and the reasons for the decision via the Official Communication Channel.

External Right of Complaint or Appeal

- 2.27 Any student that is not satisfied with the result or conduct of the formal appeal process described above may request that their appeal be considered by an external person or body independent of and external to the University.
- 2.28 Students will be notified of the process for lodging appeals to these entities in the advice provided with the outcome of their appeal to the Student Progress Appeals Committee (only required where the outcome is not favourable to the student).

Advice to Students of External Right of Complaint or Appeal

- 2.29 The following information will be provided to students who are unsuccessful in their appeal to the Academic Registrar. This Advice to Students text may be changed at the discretion of the Academic Registrar.

Where there is any doubt as to the interpretation or administration of any of the policies and procedures contained within the *Assessment and Student Progression Manual*, the Academic Registrar is responsible for determining the correct or intended interpretation.

SCHEDULES

Schedule 1: Definitions

The following definitions apply to all sections of this manual.

Academic Status (Good Standing, Conditional or Terminated) is determined by a Board of Examiners for each student enrolled in an award course at the end of each study period.

An **Academic Transcript** is the official University record of a student's results and is printed on official University transcript paper.

An **Additional Requirement** is a prescribed additional requirement that will be completed or met before a student is allowed to commence a unit, such as a First Aid Certificate.

An **Alternative Examination** means any examination, that is scheduled separately from the centrally or school scheduled examinations in order to meet special requirements for an individual student or a group of students.

An **Anti-requisite Unit** is a unit that may not be enrolled in by a student who has already completed, or is currently completing a similar unit.

Assessment is the method(s) and processes by which a student's academic progress and performance is measured in a unit.

An **Assessment Extension** is a process involving the formal permission for a student to delay the completion or submission of an assessment task after the original date/time (e.g. examinations, tests) or due date/time (e.g. assignments).

An **Assessment Extension Task** is an assessment task a student granted an assessment extension is required to complete.

Assessment Tasks are any tasks or activities that may be used to gauge the progress of student learning and determine the student's result for the unit. Attendance at classes is not an allowable form of assessment.

Assurance of Learning in broad terms refers to demonstrating, through assessment processes that students achieve course and unit learning outcomes and with specific reference to the mitigation of assessment risk it refers to the degree of certainty that the work being assessed is the work of the student to which the marks will be allocated.

Assessment Risk indicates any potential threat to the integrity of assessment, with a particular focus on potential breaches of academic integrity (e.g. cheating, plagiarism). The level of risk is measured in terms of likelihood and consequences.

Availability indicates the location, study period and fee basis on which a unit or course is offered.

Automatic Credit is the transfer of equivalent/identical units from one Curtin course to another Curtin course.

An **Award Course** means a structured combination of units approved by the University Academic Board which when completed qualifies the student for an award from Curtin University.

An **Award Number** is the sequential number allocated to an award conferred by Council.

An **Award with Distinction** is granted by the Board of Examiners in recognition of outstanding performance in the course and will normally not be awarded to more than 10% of graduates in that course.

An **Award with Honours** can be earned either as the outcome of a year of study that is additional to a bachelor degree in a discipline or as the outcome of an honours program that is studied concurrently with a normal pass degree of four years or more in a discipline.

A **Board of Examiners** is a committee that is constituted for each award course to ensure that the assessment and determination of performance of each student enrolled in that course is conducted in a fair and equitable manner.

A **Centrally Scheduled Examination** is an examination which is managed by Examinations and Progression Management which normally takes place at the conclusion of a study period.

Check second marking is a moderation activity more limited in scope than second marking. In check second marking the second marker simply checks the marking procedure to ensure that administrative errors have not been made. Can be used where the subject matter involves right or wrong answers or where knowledge is so specific that a second marker cannot apply the marking criteria.

A **Completion Date** is the date on which a Board of Examiners determines that a student has completed all course requirements.

Conditional is an academic status determined by the Board of Examiners. The student is at risk of not achieving satisfactory course progress but is permitted to continue in the course and to re-enrol under such conditions as may be determined by the Head of School or Student Progress Appeals Committee. The entitlement to continue in a course and to re-enrol is in all cases subject to any other restrictions or prohibitions imposed on the student (for example, a prohibition on enrolment due to outstanding fees or misconduct, requirement to sign and adhere to a student agreement regarding conditions).

A **Conferral Date** is the date on which Council confers an award on a graduand.

A **Core Unit** is a unit that is compulsory for the student to complete within a particular course or major.

A **Co-requisite Unit** is a unit that will be enrolled in concurrently with another unit.

A **Course** is a structured combination of approved units which when completed qualifies the student for an award from Curtin University.

A **Course Weighted Average (CWA)** is a calculation of a student's weighted average percentage mark for all grade/mark units in which the student is enrolled in a course, including units credited as Automatic Credit or Designated Credit.

Credit for Recognised Learning (CRL) means credit that may be granted to a student in recognition of prior learning. This encompasses General Credit, Elective Credit, Credit Transfer, Designated Credit and Exemptions.

A **Curtin Access Plan (CAP)** is the official communication document used by Counselling, AccessAbility and Wellbeing Services to recommend 'reasonable adjustments' for students with disability/medical conditions.

Curtin-OUA refers to Curtin's programs of study offered through Open Universities Australia (OUA).

Deferred assessment is the formal approval, by the Board of Examiners, to delay the determination of a student's final grade in a unit to permit the student to complete an assessment task(s) at a later date. A "DA" is used as the interim result.

Designated Credit is granted based on completion of an identical Curtin University unit through one of the partners of Curtin University. The identical unit will show on a student's Academic Transcript with the unit name, credit points and a grade/mark.

An **eAssessment** refers to any assessment task that makes use of information technology or an electronic device for the presentation of the assessment, the recording of responses, or in the marking process of the assessment.

An **Elite Athlete** identifies a student at Curtin University who is registered in the Elite Athlete Friendly University (EAFU) program in association with the Australian Sports Commission, of which Curtin University is a recognised participant.

Equity grounds, as defined in Curtin's Equal Opportunity Policy, includes: sex, marital status, pregnancy, potential pregnancy, breast feeding, sexual orientation, gender history, race, nationality, colour or ethnic origin, age, religious or political conviction, impairment or disability, family responsibility or family status.

An **Equivalent Unit** is a unit that is equivalent to another unit but not designated as an anti-requisite unit.

An **eQuiz** is any computer based or online test where the primary goal is to provide students with practice and feedback on their learning and is classified as a formative assessment (does not contribute to the unit mark).

An **eTest** refers to a computer based or online test used to assess learning outcomes and is classified as a summative assessment (contributes to the unit mark). There are two classifications: **Invigilated eTests** are delivered in a controlled testing environment (at a specific location) with an invigilator present or where an alternative form of invigilation is employed to monitor student behaviour for the purpose of detecting academic misconduct; and **Non-invigilated eTests** are delivered in an uncontrolled testing environment, without any form of invigilation.

An **Examination** type assessment task (Assessment Classification Level 1) includes all assessments where students are asked to respond to a fixed set of questions/stimuli. It typically occurs within a controlled environment (e.g. exam venue or in class) where the student's behaviour is monitored (invigilated). This includes centrally scheduled examinations, School Invigilated Examinations and School Invigilated Tests. The classification also includes eTests which may or may not deploy strict invigilation (see **eTest** definition).

An **Examination Answer Booklet** means a paper booklet, normally provided by the University, in which the student records answers to examination questions.

The **Examination Period** is the designated period, generally one or two weeks at the end of a study period in which centrally scheduled examinations and other assessment activities will take place. Where it is necessitated by available facilities, the examination period may commence on a Saturday.

Examinations and Progression Management is the area responsible for the coordination of centrally scheduled examinations and the release of final results.

A **Formative** task is any learning or assessment task designed to provide students with feedback about their learning and does not contribute to the unit mark or unit outcome. (A formative task is not permitted to be a hurdle requirement.)

Further Assessment describes a process whereby, at the discretion of the Board of Examiners, an eligible student is offered an opportunity to undertake a Further Assessment Task in order to confirm that they have met the required learning outcomes for the unit.

Further Assessment Task is an additional assessment task which is used to determine whether a student has met the required learning outcomes for that unit.

Good Standing is an academic status determined by the Board of Examiners. The student is permitted to continue in the course and to re-enrol. The entitlement to continue in a course and to re-enrol is in all cases subject to any other restrictions or prohibitions imposed on the student (for example, a prohibition on enrolment due to outstanding fees or misconduct).

A **Grade** is either a numeric code used to signify the percentage range of the mark awarded (if applicable), or an alphabetic code used to indicate the outcome of unit or an interim status assigned by the Board of Examiners until such time as the unit outcome is determined.

A **Grade Descriptor** is an alphabetic code used to indicate the outcome of an assessment and may be mapped to a percentage range of the mark awarded.

Head of School means the senior academic position in charge of a School.

A **Hurdle Requirement** is a condition, linked to the unit learning outcomes, that will be met (other than the overall mark) in order to pass the unit. Formative tasks are not permitted to be identified as a hurdle requirement.

An **Incremental Assessment** task is a set or series of low stakes assessment tasks designed to provide students with opportunities to benchmark their learning progress, to practice skills/behaviours/thinking/communication approaches appropriate to the discipline and to improve their performance through the provision of feedback. To be grouped together as an incremental assessment task, each task in the series/set will be similar (i.e. have the same assessment classification at AC Level 1 and AC Level 2). The incremental assessment task will be counted as one summative assessment task.

A **Mark** means the number used to signify the percentage awarded for the assessment.

Moderation refers to a holistic quality assurance process directed at ensuring that assessments are marked with accuracy, consistency and fairness. The process chiefly focuses on the development of robust assessment criteria and consistent application between assessors. At Curtin, moderation activities have been described in relation to the assessment lifecycle as Pre-marking moderation, Intra-marking moderation, and Post-marking moderation.

A **Nominated Invigilator (NI)** is an approved student-nominated invigilator who may conduct examinations on behalf of Curtin University.

A **Non-Award Course** means a program of study, which does not lead to a formal award. It may comprise a unit or units of study from an award course and may be counted as credit towards an award course in some cases.

OASIS is an acronym for Online Access to Student Information Services, the student portal, through which students are provided with access to a wide range of eServices.

Obligatory Religious Requirements is a compulsory requirement of a religion or faith binding to all followers of that tradition. An Obligatory Religious Requirement will have set times and dates observed by all members of that faith tradition and require refraining from all work and study commitments in order to observe that event.

OCC is an acronym for the Official Communication Channel.

An **OC** is an Official Communication sent via the Official Communications Channel.

The **Official Communications Channel** is the means by which official correspondence is delivered electronically to students within OASIS.

Open Universities Australia provides online higher education and is owned by a consortium of several Australian universities of which Curtin is a member.

OUA is an acronym for Open Universities Australia.

A **Performance** type assessment task (Assessment Classification Level 1) includes assessments where the performance is evaluated/marked by an assessor who was present and able to view/experience the performance or views a recording of the performance.

Post-marking moderation is the period from the determination of the raw mark to the communication of the result to the student.

Pre-marking moderation is the period leading up to the date of the assessment or due date for the submission of an assessment artefact.

A **Pre-requisite Unit** is a unit that will be passed before the student can enrol in another specified unit.

A **Pro Vice-Chancellor** is the senior academic position in charge of a Faculty.

A **Reasonable Adjustment** is a measure or action taken by Curtin that has the effect of assisting a student with a disability in relation to admission or enrolment, participation in a course or program, or to use facilities or services on the same basis as a student without a disability (*Disability Standards for Education 2005*). An adjustment is **reasonable** in relation to a student with a disability if it balances the interests of all parties affected (*Disability Standards for Education 2005*).

A **Recognised Examination Centre (REC)** is an approved facility that may conduct examinations on behalf of Curtin University.

A **Result** comprises a grade and, where applicable, a percentage mark.

A **Sanction** is a warning that is applied to a student's record to alert the student and staff to outstanding requirements, such as non-payment of fees or charges that may prevent the student from accessing results, re-enrolling or graduating.

Scaling refers to the process of adjusting the raw marks for a cohort of students (or all students) to change the mean or distribution of the marks. At Curtin, following thorough intra-marking or post-marking moderation, where marker bias is identified and it is not feasible to re-mark the work, the mean for a cohort may be shifted but the distribution should not be changed. At Curtin, marks are not scaled to a normal curve or any other specific distribution.

A **School** is used in this manual as the generic term for an academic area responsible for the delivery of units.

A **School Scheduled Examination** is an examination which is scheduled and coordinated by the School, not by Examinations and Progression Management. School scheduled examinations should be scheduled during the examination period.

Second marking is a moderation activity involving the remarking of a student's assessment artefact by a second marker. The second marker may be given a clean copy of the student's work (blind second marking) or be able to see the first marker's comments, and/or completed marking key/rubric.

A **Semester Weighted Average (SWA)** is a calculation of a student's weighted average percentage mark for all grade/mark units in which the student is enrolled in any one study period. The term Semester Weighted Average is used even if the study period is not a semester (for example, Trimester).

For an examination or assessment to be considered to be **Sufficiently Different**, it will have substantial changes in the content such as (but not limited to) wording, values and formulae. Minor variations are not considered Sufficiently Different. Staff will be confident that a student who gains knowledge of the contents of an earlier examination or assessment are not unfairly advantaged.

A **Student** means any person enrolled in a course/unit.

A **Student Identification Card (Student ID Card)** means a card issued by the University which provides a variety of access, library borrowing rights and proof of identity.

Student One is the University's central student records system in which records for all Curtin students will be maintained (with the exception of VTEC students and ELICOS students).

A **Study Period** is a period of time in which a unit is available (e.g. Semester 1, Trimester 1, Study Period 4 etc.).

A **Submission** type assessment task (Assessment Classification Level 1) includes all assessments where the work being assessed is an artefact submitted by the student (excluding exam/test scripts or where the submission is in combination with a performance).

Summative Assessment provides information to judge the extent to which a student has achieved the unit learning outcomes and to determine student progression within the course. The mark from a summative assessment task contributes to the final mark for the unit or in the case of pass/fail assessment tasks, contributes to the unit outcome.

Terminated is an academic status determined by the Board of Examiners. The student is terminated from the course and is not permitted to continue in the course or to re-enrol in the course without approval.

Schedule 2: Formula for Calculating SWA and CWA

The formula used is $[\text{Sum (Unit Credits x Mark)}] / [\text{Sum (Unit Credits)}]$.

The mark for each completed unit will be multiplied by the credit weighting of the unit.

For example:

Unit	Credits	Mark
Unit 1	12.5	57
Unit 2	25	60
Unit 3	25	63
Unit 4	25	67

$[\text{Sum (Unit Credits x Mark)}]$

Unit Credits x Mark

$$12.5 \times 57 = 712.5$$

$$25.0 \times 60 = 1500$$

$$25.0 \times 63 = 1575$$

$$25.0 \times 67 = 1675$$

$$\text{Therefore, } [\text{Sum (Unit Credits x Mark)}] = (712.5 + 1500 + 1575 + 1675) = 5462.5$$

$[\text{Sum (Unit Credits)}]$

$$12.5 + 25.0 + 25.0 + 25.0 = 87.5$$

Therefore, $[\text{Sum (Unit Credits x Mark)}] / [\text{Sum (Unit Credits)}]$

$$\text{Is } 5462.5/87.5 = 62.43$$

Calculated SWA in this example is 62.43.

Schedule 3: Examples - Time Zone Differences & Requirements for Sufficiently Different Examination Papers

EXAMPLE	EXPLANATION	OUTCOME
Different commencement times but in the same time zone	Two hour examination, commencing Bentley 09.00, commencing Hong Kong 10.00	The same paper may be used as the difference between commencement times (one hour) is less than the duration of the examination (two hours)
Different commencement times but in the same time zone	Two hour examination, commencing Bentley 09.00, commencing Hong Kong 13.00	A sufficiently different examination paper will be used as the difference between commencement times (four hours) is more than the duration of the examination (two hours)
Same commencement times but in different time zones	Two hour examination, commencing Bentley 09.00, commencing Sydney 09.00	The same paper may be used as the time zone difference (two hours) is less than or equal to the duration of the examination (two hours)
Same commencement times but in different time zones	Two hour examination, commencing Bentley 09.00, commencing Mauritius 09.00	A sufficiently different examination paper will be used as the time zone difference (four hours) exceeds the duration of the examination (two hours)

Example 1: Two examination papers are supplied as the examination is scheduled at different times within the same time zone. The examination papers consists of five short answer questions, and both examine the required learning outcomes. In each case, whilst the topics examined are similar (and therefore consistent), the question wording is different.

This would be considered to be a 'sufficiently different' examination paper, because a student who obtained knowledge of the content of the earlier examination would not be advantaged.

Example 2: Two examination papers are supplied as the examination is scheduled at the same time but across different time zones. The papers are very similar with minor occasional changes to numerical values used within the question.

This would not be considered to be a 'sufficiently different' examination paper, because a student who obtained knowledge of the content of the earlier examination would gain an advantage.
